

Glasgow Station

- The Glasgow Station lantern is a replica of the ubiquitous 'carbon arc' lanterns of the 19th Century. Its application is for interiors only, which encompasses shopping malls, station foyers and municipal building interiors. It has a sealed optic and access to the lamp is via a hinge down bowl.
- Classic reproduction of an original 'Arc' lantern
- EasyFit adapter for ease of installation and accurate alignment of luminaire
- IP66 optical compartment

Technical info
